Forward-looking statements

Certain statements made in this presentation and the associated webcast may constitute “forward-looking statements” under the Private Securities Litigation Reform Act of 1995. Forward-looking statements include information concerning future strategic objectives, business prospects, anticipated savings, financial results (including expenses, earnings, liquidity, cash flow and capital expenditures), industry or market conditions, demand for and pricing of our products, acquisitions (including our announced acquisitions of TriState Capital Holdings, Inc. and SumRidge Partners, LLC), divestitures, anticipated results of litigation, regulatory developments, and general economic conditions. In addition, words such as “believes,” “expects,” “anticipates,” “intends,” “plans,” “estimates,” “projects,” “forecasts,” and future or conditional verbs such as “will,” “may,” “could,” “should,” and “would,” as well as any other statement that necessarily depends on future events, is intended to identify forward-looking statements. Forward-looking statements are not guarantees, and they involve risks, uncertainties and assumptions. Although we make such statements based on assumptions that we believe to be reasonable, there can be no assurance that actual results will not differ materially from those expressed in the forward-looking statements. We caution investors not to rely unduly on any forward-looking statements and urge you to carefully consider the risks described in our filings with the Securities and Exchange Commission (the “SEC”) from time to time, including our most recent Annual Report on Form 10-K, and subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, which are available at www.raymondjames.com and the SEC’s website at www.sec.gov. We expressly disclaim any obligation to update any forward-looking statement in the event it later turns out to be inaccurate, whether as a result of new information, future events, or otherwise.

Paul Reilly

Chair & Chief Executive Officer, Raymond James Financial

Paul Reilly became chief executive officer of Raymond James Financial in May 2010, after joining the firm's management team as president and CEO-designate in May 2009. He has served on the firm's board of directors since 2006.

From July 2007 to April 2009, he was executive chairman of Korn/Ferry International, a global provider of talent management solutions with more than 90 offices in 39 countries throughout North America, Latin America, Europe, the Middle East, Africa and Asia Pacific. Mr. Reilly began his tenure with the company as chairman and CEO in 2001. Prior to Korn/Ferry, he was CEO at KPMG International, a firm of more than 100,000 employees with annual revenues of \$12 billion. Based in Amsterdam, he was responsible for the overall strategy and implementation of the firm's products, services and infrastructure on a global basis. Before being named CEO at KPMG, he ran the firm's financial services business and earlier had held senior management positions in its real estate consulting group.

Non-GAAP Financial Measures

Reconciliation of non-GAAP financial measures to GAAP financial measures

We utilize certain non-GAAP financial measures as additional measures to aid in, and enhance, the understanding of our financial results and related measures. These non-GAAP financial measures have been separately identified in this document. We believe certain of these non-GAAP financial measures provides useful information to management and investors by excluding certain material items that may not be indicative of our core operating results. We utilize these non-GAAP financial measures in assessing the financial performance of the business, as they facilitate a comparison of current- and prior-period results. We believe that return on tangible common equity and tangible book value per share are meaningful to investors as they facilitate comparisons of our results to the results of other companies. In the following tables, the tax effect of non-GAAP adjustments reflects the statutory rate associated with each non-GAAP item. These non-GAAP financial measures should be considered in addition to, and not as a substitute for, measures of financial performance prepared in accordance with GAAP. In addition, our non-GAAP financial measures may not be comparable to similarly titled non-GAAP financial measures of other companies. The following tables provide a reconciliation of non-GAAP financial measures to the most directly comparable GAAP measures.
